

BREVARD COUNTY
APPLICATION FOR THE TREATMENT AND DISPOSAL OF SEPTAGE

Applicant _____ Date _____

Address: _____

Business#: _____ AfterHours# _____

The applicant engages in the servicing of septic tanks and grease traps, and desires to dispose of the septic tank sludge and food service wastes in accordance with current regulations.

Brevard County will accept for treatment and disposal septic tank sludge and the waste from food service grease separators, and sewage from Naval ships.

REQUIREMENTS of SEPTAGE ACCEPTANCE

1. Applicant must be duly licensed by Brevard County Consumer Health. All vehicles used must meet state and federal regulations governing transport of waste liquid on public roadways.
2. Applicant is responsible for any damages to County property or injuries to County personnel arising from the applicant's disposal activities.
3. Non-septage discharges wastes are prohibited. other prohibited wastes are:
 - A. Oil, gasoline, diesel fuel, or other flammable liquids, including wastes from automotive service oil separators.
 - B. Portable toilet wastes or wastes from marine holding tanks.
 - C. Wastes from any facility operating under a permit issued by the Florida Department of Environmental Protection. Exceptions will be made on a case by case basis, upon authorization from F.D.E.P.
4. Applicant agrees to pay Brevard County Water/Wastewater Division a fee for the treatment and disposal of septage under this application based upon the Board of County Commissioner's approved resolution.
5. Invoices are due upon receipt. Non-payment within forty-five (45) days shall be grounds to terminate the acceptance of septage for treatment. Further non-payment may be grounds for legal action.
6. Prior to any disposal activity, the applicant will provide certificate(s) of insurance verifying Auto Liability Insurance with combined limits for Bodily Injury and Property Insurance in an amount no less than \$300,000 per occurrence. Insurance must remain in effect and a current certificate be kept on file in Brevard County.
7. The applicant shall not assign any interest in this application and shall not transfer any interest without the prior written consent of the County.

DISPOSAL PROCEDURES

1. Disposal services are open to customers with active accounts between 7 AM and 9 PM, Monday through Saturday.
2. Each load of septage must be accompanied by a septage manifest log, listing the company name, driver's name, vehicle identification, volume disposed, composition (septage or grease), location of source and receiving plant operator.
3. In, order to assure compliance with mandatory minimum mixing requirements, grease (food service) waste must be transported separately from septic tank wastes.

I have read and understand the requirements above.
