Attention: Mr. Richard Meckes

Subject: Landia Sole Source Letter

Mr. Meckes:

Thank you for your interest in Landia's equipment. Please use this letter as confirmation that as of the date of this letter, Landia, Inc. is the sole source for the distribution of equipment manufactured by Landia and replacement parts for Landia equipment in the United States.

Landia strongly recommends to its customers the use of original manufactured parts when Landia units are serviced or repaired. With the exception of the bearings, the parts are manufactured by Landia specifically for use in its mixers and pumps. The use of parts other than those recommended by Landia could result in unit failure and would void Landia's warranty on the units, if within the warranty period.

Please do not hesitate to contact me if you have any questions. Thank you.

Best regards,

Landia, Inc.
