### Disclaimer:

Not all of these policies will apply to every job or project, if you have any questions please ask your representative.

### Permitting:

Permits, if required by the municipality will have a base cost of \$300.00 and if site specific engineering is required it will be an additional cost. Permit package includes manufacturing engineering submittals. If municipality requires site specific engineering it will be at an additional cost to be determined by an engineer. We cannot guarantee length of time for the permitting process.

### Existing Construction:

Any opening not built to current wind load codes may need to be updated to comply with manufacture engineering. This includes missing or damaged lintels and hollow blocks. Customer will be presented with an estimate for CDA to replace lintel or fill hollow blocks. Work may also be subcontracted out to another company.

### Lead Times:

CDA will not be responsible for delays due to unavoidable casualties, inclement weather, acts of god or shortages of materials from manufacturer. Special order items are nonrefundable and may take 6-8 weeks for delivery.

### Payment terms:

A deposit of 50% of the total estimate is required, unless other arrangements are made. We will not book, order parts, or allocate labor in any way until a signed contract and deposit is received. Balance is to be paid when said job is 98% complete. With this agreement, you assume liability for any and all additional costs or fees that may occur due to non-payment, including, but not limited to court costs and/ or legal fees.
