Request Data Flow System Upgrade - 55 Lift Station Remote Telemetry Units (RTUs)

On July 18, 2018, the Board of County Commissioners (BCC) authorized the Purchasing Department to use Data Flow System (DFS) as the sole source provider for equipment, repairs and replacements for Data Flow System products. At this time, staff recommends the BCC approve the upgrade of 55 Remote Telemetry Units (RTUs) at the cost of \$412,500.00 and authorize the Purchasing Department to issue DFS a purchase order for this project.
