Request for Approval of a Leachate Treatment Project at the IRC Landfill
Solid Waste Disposal District (SWDD) staff recommends that its Board approve the following: a) Direct staff to reconsider obtaining firm pricing from the Indian River Eco District, LLC for a deep well injection option for the disposal of leachate; or, b) Direct staff to finalize a contract for a leachate treatment project between Indian River County SWDD and the developers, consisting of Heartland Water Technology, Inc., Proximo Energy, and Indian River Eco District, LLC, to be approved by the SWDD Board at a future meeting; and, c) Staff recommends, if staff is not successful in negotiating a final agreement with the Developers within 60 days, that we proceed in issuing a Request for Proposal (RFP) for a leachate treatment project.
