Indian River County Lagoon Management Plan Project List

The LMP project list is being presented to the Board in order to highlight many of the County's existing projects, as well as provide a list of the County's anticipated future efforts aimed at improving the health of the IRL. The County's LMP project list is also to be considered as a prioritized list of current and potential projects for funding requests. In addition, staff is requesting the Board authorize the Tetra Tech Public Outreach Workorder in the amount of \$68,956.02 for professional water resource engineering support services associated with supporting County staff's development of the Indian River Lagoon Management plan. Staff also recommends that the Board authorize the Chairman to execute the Public Outreach Workorder.
