issue = Dear Commissioner Moss:

This letter is sent in response to the resignation of Shelly Graziani, a former member of the beach committee, who is relocating due to the demands of her job.

I write in support of Richard Harris, a candidate to fill the vacancy on this committee. Over several years, I have come to know Rick Harris as a very bright and thoughtful man with a lifetime of extraordinary accomplishment. Rick's talent is matched by his energy-he does what is necessary to understand a complex problem, and to follow through toward the goal of devising a workable solution. As you may recall, Rick has been working with a number of his neighbors in the Sector 7 community and, I say with no hesitation, he has impressed us all with his abilities as well as civility and kindness towards all.

I ask that you consider Rick Harris to fill this position and offer my strong endorsement of his candidacy.

Thank you, Laura, for your service to our city and our county.

Sincerely,

John J. Macionis
