Interests & Experiences

Why are you interested in serving on a board or commission?

For 20 years I worked to protect the natural areas in Boca Raton. I was the staff liaison for the City Environmental Advisory Board (EAB) for which I prepared technical reports on proposed impacts to environmentally sensitive lands. The habitats in Boca are similar to IRC - coastal, beach and scrub. I also reviewed development plans for impacts to all land within the City both undeveloped and previously developed. Preparing the reports required site inspections to determine the type and quality of habitat as well as to the extent of disturbance, if any, to the habitat. I believe my knowledge and experience would be helpful to the panel and I would like the opportunity to continue to serve the community in the protection of our wild places.
