## Interests & Experiences

### Why are you interested in serving on a board or commission?

---

I am a life long resident of Indian River county. My father served this county and cared about the it's residents and so do I. It's important to me that our county boards have representation of individuals who are Fair, Care and Understand the challenges which are faced by the members of these boards. I am a current member of the board, I understand the challenges of the board and would like to continue serving our county as a board member at the will and pleasure of our board of county commissioners.
