G §§ 70901-27).
- (c) The Recipient acknowledges that the General Terms and Conditions impose obligations on the Recipient and that the Recipient's non-compliance with the General Terms and Conditions may result in remedial action, termination of the SS4A Grant, disallowing costs incurred for the Project, requiring the Recipient to refund to the FHWA the SS4A Grant, and reporting the non-compliance in the Federal-government-wide integrity and performance system.

USDOT ADMINISTRATIVE INFORMATION

5.1 Office for Subaward and Contract Authorization.

USDOT Office for Subaward and Contract Authorization: FHWA Office of Acquisition and Grants Management

SUBAWARDS AND CONTRACTS APPROVAL

Note: See 2 CFR § 200.331, Subrecipient and contractor determinations, for definitions of subrecipient (who is awarded a subaward) versus contractor (who is awarded a contract).

Note: Recipients with a procurement system deemed approved and accepted by the Government or by the Agreement Officer (the “**AO**”) are exempt from the requirements of this clause. See 2 CFR 200.317 through 200.327. Note: This clause is only applicable to grants that do not include construction.

In accordance with 2 CFR 200.308(c)(6), unless described in the application and funded in the approved award, the Recipient must obtain prior written approval from the AO for the subaward, transfer, or contracting out of any work under this award above the Simplified Acquisition Threshold. This provision does not apply to the acquisition of supplies, material, equipment, or general support services. Approval will be issued through written notification from the AO or a formal amendment to the Agreement.

The following subawards and contracts are currently approved under the Agreement by the AO. This list does not include supplies, material, equipment, or general support services which are exempt from the pre-approval requirements of this clause.

5.2 Reimbursement Requests

- (a) The Recipient may request reimbursement of costs incurred within the budget period of this agreement if those costs do not exceed the amount of funds obligated and are allowable under the applicable cost provisions of 2 C.F.R. Part 200, Subpart E. The Recipient shall not request reimbursement more frequently than monthly.
- (b) The Recipient shall use the DELPHI iSupplier System to submit requests for reimbursement to the payment office. When requesting reimbursement of costs incurred or credit for cost share incurred, the Recipient shall electronically submit supporting cost detail with the SF-270 (Request for Advance or Reimbursement) or SF-271 (Outlay Report and Request for Reimbursement for Construction Programs) to clearly document all costs incurred.
- (c) The Recipient’s supporting cost detail shall include a detailed breakout of all costs incurred, including direct labor, indirect costs, other direct costs, travel, etc., and the Recipient shall identify the Federal share and the Recipient’s share of costs. If the Recipient does not provide sufficient detail in a request for reimbursement, the Agreement Officer’s Representative (the “**AOR**”) may withhold processing that request until the Recipient provides sufficient detail.
- (d) The USDOT shall not reimburse costs unless the AOR reviews and approves the costs to ensure that progress on this agreement is sufficient to substantiate payment.
- (e) In the rare instance the Recipient is unable to receive electronic funds transfers (EFT), payment by EFT would impose a hardship on the Recipient because of their inability to manage an account at a financial institution, and/or the Recipient is unable to use the DELPHI iSupplier System to submit their requests for disbursement, the FHWA may waive the requirement that the Recipient use the DELPHI iSupplier System. The Recipient shall contact the Division Office Lead Point of Contact for instructions on and requirements related to pursuing a waiver.

- (f) The requirements set forth in these terms and conditions supersede previous financial invoicing requirements for Recipients.

	The Recipient has not taken actions related to the Project to improve racial equity and reduce barriers to opportunity and will not take those actions under this award.

2. Supporting Narrative.

Indian River County has created and enforced policies and procedures that ensure equity is considered with all proposed transportation improvements and programs. The MPO recently completed a Community Characteristics Report of 24 geographic sub-areas of Indian River County based on 2020 Census and American Community Survey data. The Community Characteristics Report is useful in identifying disadvantaged communities within Indian River County, such as the unincorporated community of Gifford which has a population that is 75% African-American, the highest concentrations of poverty in Indian River County (38% of residents are below the poverty level), and the lowest median household income (\$21,876) within the county. Because Gifford is a community with a significant population that is transportation disadvantaged, Indian River County has implemented public transit services (fare free) and developed a Gifford Neighborhood Plan with extensive community participation that identifies needed transportation and other infrastructure improvements.

The Project will identify sidewalks, shared use paths, bike lanes, and public transit amenities needed to improve access within Indian River County communities like Gifford (75% African-American population). In particular, the Project will examine the Martin Luther King Blvd. (45th Street) corridor in Gifford and recommend access improvements for that corridor.

**ATTACHMENT D

	The Recipient has not taken actions to consider climate change and environmental justice impacts of the Project and will not take those actions under this award.

2. Supporting Narrative.

Located along the Atlantic coast of Florida, Indian River County is vulnerable to natural disasters, such as hurricanes, as well as impacts from climate change such as sea level rise. To address the County’s need for resiliency and protection of the natural environment, the County has prepared a Resiliency Study, a Lagoon Management Plan, a Beach Preservation Plan, a Manatee Protection Plan, a Sea Turtle Habitat Conservation Plan, and others. In addition, the MPO’s Long Range Transportation Plan considers the impacts of climate change and the need for resilient transportation systems. All improvements recommended by the project will be resilient.

The Project will support a modal shift in passenger movement by promoting alternative modes of travel, such as public transportation (fare-free) and bicycle and pedestrian facilities within Indian River County, and particularly in the unincorporated community of Gifford, a disadvantaged community with a minority-majority population (75% African-American) and the highest concentrations of poverty within Indian River County (38% of residents are below the poverty level).

	<p>The Recipient has not taken actions related to the Project to improving good-paying jobs and strong labor standards and will not take those actions under this award.</p>

2. Supporting Narrative.

As adopted in many policies and procedures, Indian River County has created a work environment for good paying jobs and equal opportunity. The County’s Equal Employment Opportunity Program was first adopted in 1989 and has been updated in the years following. The County workforce includes both union and non-union employees. Employees are provided a free and fair choice to join a union. Employees who join a union are covered by collective bargaining agreements, which are with Teamsters, Local Union No. 769 (effective October 1, 2022) and the International Association of Fire Fighters Local 2201 (also effective October 1, 2022). In recent years, a competitive employment market has created challenges in County hiring. As a result, the County has updated many of its employee benefits and has also initiated a Compensation Study to review County pay practices.
