RE: 2" AND 4" PVC INSTALLATION

Kindly accept this as the bid and proposal for the following work to be completed at the above referenced address:

Meeks Plumbing, Inc will provide material and labor to complete the work described below:

Install 4" PVC piping, approximately 600 feet, from SW1 (new source well to be provided by others) and connect it to the new well pump (also provided by others).

Install 2" PVC piping, approximately 40 feet, from the new well pump to the existing inlet for the geothermal heating system.

Install 4" PVC piping, approximately 30 feet, from RW1 (new return well to be provided by others) to the discharge outlet of the geothermal heating system.

We will backfill all areas when complete and rake area to grade, we will take the highest level of precaution while completing this work to keep the area clean, and use the least invasive methods to complete this scope of work. We will complete this work during normal business hours Monday thru Friday 8:30 A.M. until 4:30 P.M.

The total price for this proposal will be \$12,770.00, due upon completion.

Thank you,

Kyle Meeks
