Additional Service #7, Dry hydrant VE design changes

Dear Mr. Nagy:

We are submitting this additional service request for additional scope of work to revise the bid/construction/permit documents dated October 27, 2023. The bid documents will be updated based on correspondence with the County staff and design team recommendations to reduce the cost of the project. Sparcdesign will utilize the original bd drawings to prepare revised construction documents that will graphically show the scope, extent, and character of the work to be performed by the contractor, including specifications and related structural, mechanical, electrical, plumbing, landscape, interior and civil engineering plans. Sparcdesign will prepare the required drawings for architectural and engineering submittal to the county for review. Sparcdesign will submit plans electronically to the owner for the bidding phase. Will respond to request for information during the bidding period. Sparcdesign will prepare and process and administrative amendment for the revised site plan through Indian River County planning and development services department. Based on the value-engineering design sparcdesign will provide modifications to the civil engineering design, permit modifications and potable water system revisions.

The following disciplines are included in this additional service proposal.

- Architecture, Mechanical Engineering, Electrical Engineering, Plumbing Engineering, Fire Protection Design, Structural Engineering, Interior Design, Landscape Architecture/Planning, and Civil Engineering.
