

**SECOND EXTENSION AND AMENDMENT TO AGREEMENT  
FOR DISASTER DEBRIS MONITORING SERVICES**

This Second Extension to that certain Agreement to provide Disaster Debris Monitoring Services is entered into effective as of May 19, 2024, by and between Indian River County, a political subdivision of the State of Florida ("County") and DebrisTech, LLC ("Consultant").

**BACKGROUND RECITALS**

**WHEREAS**, the County and the Consultant entered into an Agreement for Disaster Debris Management Services effective May 19, 2020; and

**WHEREAS**, Article 4 of the Agreement contains the term and renewal provisions; and

**WHEREAS**, the first term commenced effective May 19, 2020, and ended on May 18, 2022; and

**WHEREAS**, the first extension commenced effective May 19, 2022, and shall end on May 18, 2024; and

**WHEREAS**, pursuant to the Agreement, the parties desire to extend the Agreement for an additional two years; and

**WHEREAS**, Article 11 of the Agreement provides Federal Clauses; and

**WHEREAS**, the parties desire to incorporate a new Federal Clause.

**NOW, THEREFORE**, in consideration of the foregoing, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the County and the Consultant agree as follows:

1. The background recitals are true and correct and form a material part of this Second Extension.
2. The second renewal term shall commence effective May 19, 2024, and shall end on May 18, 2026. This is the final renewal available on this Agreement.
3. Paragraph 11.17 is added as follows:

Domestic Preference for Procurements As appropriate, and to the extent consistent with law, the contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products. For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

4. All other terms and provisions of the Agreement shall be unchanged and remain in full force and effect.

IN WITNESS WHEREOF, the parties have caused this Second Extension to be executed effective the day and year first set forth above.
