WHEREAS, the parties intend to ratify the remainder of the Conservation Easement which is not released herein; and

WHEREAS, subsection 704.06(4), Florida Statutes, provides that the holder of a conservation easement may release that conservation easement to the holder of the fee interest.

NOW THEREFORE, in consideration of the above and the mutual covenants, terms, conditions and restrictions contained herein, and other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Release. Grantee hereby releases, terminates, discharges, and quit claims any and all interests, rights, privileges, and licenses in and to the property described in attached Exhibit "1." This Partial Release of Regulatory Conservation Easement in Exchange for Substitute Mitigation is binding upon and shall inure to the benefit of Grantor and its successors and assigns. 2. Substitution. In Exchange for the release identified in Paragraph 1 herein, Grantor hereby grants to Grantee a conservation easement over the property described in attached Exhibit "2" ("the Property").

3. Reaffirmation. Except as specifically set forth herein, all provisions of the Conservation Easement shall remain unchanged and in full force and effect. The property described in the Conservation Easement is unaffected by this Partial Release of Regulatory Conservation Easement in Exchange for Substitute Mitigation and shall continue to be bound by the terms of said Conservation Easement.

4. Purpose. The purpose of this Partial Release of Regulatory Conservation Easement in Exchange for Substitute Mitigation is, in part, to assure that the Property will be retained forever in its existing natural condition and to prevent any use of the Property that will impair or interfere with the environmental value of the Property.

5. Prohibited Uses. Except for restoration, creation, enhancement, maintenance and monitoring activities, or surface water management improvements, which are permitted or required by the Permit, the following activities and uses are expressly prohibited on the Property:

(a) Construction or placing buildings, roads, signs, billboards or other advertising, utilities or other structures on or above the ground.

(g) Acts or uses detrimental to such retention of land or water areas.

(h) Acts or uses detrimental to the preservation of the structural integrity or physical appearance of sites or properties of historical, architectural, archaeological, or cultural significance.

6. Reserved Rights. Grantor reserves unto itself, and its successors and assigns, all rights accruing from its ownership of the Property, including the right to engage in or permit or invite others to engage in all uses of the Property, that are not expressly prohibited herein and are not inconsistent with the purpose of this Partial Release of Regulatory Conservation Easement in Exchange for Substitute Mitigation.

7. Rights of Grantee. To accomplish the purposes stated herein, Grantor conveys the following rights to Grantee:

No delay or omission by Grantee in the exercise of any right or remedy upon any breach by Grantor shall impair such right or remedy or be construed as a waiver. 9. Grantee's Liability. Grantor will assume all liability for any injury or damage to the person or property of third parties which may occur on the Property arising from Grantor's ownership of the Property. Neither Grantor, nor any person or entity claiming by or through Grantor, shall hold Grantee liable for any damage or injury to person or personal property which may occur on the Property.

10. Acts Beyond Grantor's Control. Nothing contained in this Partial Release of Regulatory Conservation Easement in Exchange for Substitute Mitigation shall be

construed to entitle Grantee to bring any action against Grantor for any injury to or change in the Property resulting from natural causes beyond Grantor's control, including, without limitation, fire, flood, storm and earth movement, or from any necessary action taken by Grantor under emergency conditions to prevent, abate or mitigate significant injury to the Property or to persons resulting from such causes.

11. Recordation. Grantor shall record this Partial Release of Regulatory Conservation Easement in Exchange for Substitute Mitigation in timely fashion in the Official Records of Indian River County, Florida, and shall rerecord it at any time Grantee may require to preserve its rights. Grantor shall pay all recording costs and taxes necessary to record this Partial Release of Regulatory Conservation Easement in Exchange for Substitute Mitigation in the public records. Grantor will hold Grantee harmless from any recording costs or taxes necessary to record this Partial Release of Regulatory Conservation Easement in Exchange for Substitute Mitigation in the public records.

12. Successors. The covenants, terms, conditions and restrictions of this conservation easement shall be binding upon, and inure to the benefit of the parties hereto and their respective personal representatives, heirs, successors and assigns and shall continue as a servitude running in perpetuity with the Property. Grantee will hold this Partial Release of Regulatory Conservation Easement in Exchange for Substitute Mitigation exclusively for conservation purposes. Grantee will not assign its rights and obligations under this Partial Release of Regulatory Conservation Easement in Exchange for Substitute Mitigation.
