Interests & Experiences

Why are you interested in serving on a board or commission?

I am a Vero native and my family has a long history of being in politics and boards in Vero Beach (my grandfather was the Mayor of Vero in 1974-1975). I also have a degree in political science and economics and would love to put that education to good use. I've spent the past few years home with my children (ages 6,4) before going back to work part time and I think the Children's Services Advisory Committee is a great way to give back to the community.
