RE: Confirmation of Financial Participation in FDOT CR510 Remediation Effort - FM4056063

Dear Ms. Brisebois,

I hope this message finds you well.

On behalf of Indian River County, I would like to formally confirm our willingness to participate financially in the remediation effort for the Florida Department of Transportation (FDOT) CR 510 project. We understand the importance of this initiative in improving transportation infrastructure and ensuring the safety and long-term sustainability of the roadways in our community.

We are committed to supporting the project and will allocate the necessary resources to contribute to the remediation efforts as outlined in the discussions and agreements to date. Indian River County recognizes the significant benefits this project will bring, not only in terms of enhancing transportation, but also in fostering economic growth and improving the quality of life for our residents.

Please let us know the next steps in formalizing this arrangement or if further information or documentation is required from our end.

We look forward to continuing our collaboration with FDOT and other stakeholders to ensure the successful completion of the CR510 project.

Thank you for your attention, and we are eager to move forward with this important project.

Best regards,

Joseph E. Flescher, Chairman  
Indian River County Board of County Commissioners
