9.L. Approval to Submit a FWC Bulk Derelict Vessel Removal Grant Application

[Clerk note: Presentation and discussion for this Item was combined with Item 9.M.]

Commissioner Earman presented the Bulk Derelict Vessel Grant Application. He noted that the County had made significant progress in this area, particularly regarding the vessel that was currently in the Indian River Lagoon. He highlighted the hard work of the Natural Resources staff in addressing the issue.

Natural Resources Director Kylie Yanchula presented two Fish and Wildlife Conservation (FWC) Derelict Vessel Grant Applications that were currently in progress. The first was north of Fritz Island with a removal cost of \$6,900, also 100% reimbursable through the FWC Bulk Derelict Vessel Grant. The second was located .5 miles from the Round Island Oceanside Park with a removal cost of \$33,995, 100% reimbursable through the FWC Rapid Removal Grant.

A motion was made by Commissioner Earman, seconded by Chairman Flescher, to approve staff's recommendation. The motion carried by the following vote:

Aye: 5 - Chairman Flescher, Vice Chairman Loar, Commissioner Adams, Commissioner Earman, and Commissioner Moss

9.M. Approval to Submit a FWC Rapid Removal Derelict Vessel Grant

10. CONSTITUTIONAL OFFICERS and GOVERNMENTAL AGENCIES

11. PUBLIC ITEMS**A. PUBLIC HEARINGS**

PROOF OF PUBLICATION FOR THESE HEARINGS ARE ON FILE IN THE OFFICE OF THE CLERK TO THE BOARD.

11.A.1. Second Public Hearing - Proposed Developer's Agreement Between Pulte Home Company, LLC and Indian River County for Emerson Oaks Subdivision

Deputy County Attorney Susan Prado presented the second public hearing regarding the proposed Emerson Oaks residential planned development, which consisted of 171 single-family lots located at the southwest corner of 43rd Avenue SW and 13th Street SW. The development would be executed in three phases. Phase 1A included the establishment of seven model home lots, the project's entrance on 13th Street SW, and a stormwater pond. Phase 1B featured 70 lots, an amenity center, and related infrastructure. Phase 2 comprised 94 lots, a new entrance on 17th Street SW, and the necessary utilities. She stated that to accommodate the anticipated growth, the developer would be required to provide or fund various improvements. These included dedicating right-of-way and implementing traffic improvements. Additionally, the developer would contribute 3.7% toward funding the future 17th Street SW bridge.

The Chairman opened the public hearing.

Resident Walter McNulty expressed frustration over ongoing development in the area, questioning when it would cease. He suggested a two-year moratorium to focus on necessary infrastructure improvements, arguing that further development was unreasonable given the inadequacies of the existing infrastructure.

Barbara Milas, an employee at Road & Bridge, expressed serious concerns about the County's staffing and resource management. She pointed out that a single pipe crew was responsible for handling over 30 failing pipes that had been overlooked for more than a decade. Ms. Milas highlighted the logistical challenges faced by the crew, the mounting pressure on workers, and how decisions made by County Commissioners impacted the town's overall condition. She also questioned the true effectiveness of community meetings, urging voters to become more aware of these critical issues.

There being no further speakers, the Chairman closed the public hearing.

Commissioner Moss urged residents to attend the next joint County Commissioner and Planning and Zoning Commission meeting in early 2026.

Chairman Flescher advised attendees to temper their expectations for the upcoming meeting, citing Senate Bill 180 and a related House Bill that limit local decision-making authority over planning, zoning, and development. He urged residents to contact Representative Brackett regarding the House Bill, emphasizing concerns about centralizing power in Tallahassee. He noted that the January meeting would not yield solutions to ongoing issues and that expecting a halt to development was unrealistic.

County Administrator Titkanich clarified that the development project had already received approval in December 2024, and that the current Agenda Item merely formalized the required infrastructure improvements.

A motion was made by Vice Chairman Loar, seconded by Chairman Flescher, to approve staff's recommendation. The motion carried by the following vote:

Aye: 5 - Chairman Flescher, Vice Chairman Loar, Commissioner Adams, Commissioner Earman, and Commissioner Moss

11.A.2. Consideration of a Roadway Jurisdiction Transfer Agreement between the Florida Department of Transportation and Indian River County to Transfer County Roads onto the State Highway System

Recommended Action: Staff recommends that the Board of County Commissioners approve the two resolutions, approve the Roadway Jurisdiction Transfer Agreement, and authorize staff to take any necessary actions to complete the transfer process.

Metropolitan Planning Organization (MPO) Staff Director Brian Freeman presented a proposed Roadway Jurisdiction Transfer Agreement with the Florida Department of Transportation (FDOT) that aimed to reduce the County's road maintenance and improvement costs. The agreement involved the transfer of County Road (CR) 510 and parts of CR 512. He stated that FDOT would be responsible for the maintenance and resurfacing of these roads, while local governments would manage additional landscaping. Mr. Freeman stated that CR 510 was fully included in the MPO's Transportation Improvement Program and that construction on its widening project was ongoing. The transfer of CR 512 involved 2.5 miles from I-95 to CR 510, with FDOT assuming responsibility for future maintenance. Oslo Road (CR 606) would be redesignated as State Road 606, retaining its name and covering 7.8 miles from I-95 to US 1. The transfer of Roads 512 and Oslo Road would occur immediately after the FDOT Secretary signed the agreement, while CR 510's transfer was scheduled to occur upon completion of its final phase of widening and receipt of right-of-way certification.

There was no further discussion on this Item.

A motion was made by Commissioner Earman, seconded by Chairman Flescher, to approve staff's recommendations and Resolutions 2025-068, authorizing a Transfer Agreement with the Florida Department of Transportation for County Road 512 (Sebastian Boulevard), County Road 510 (90th Avenue/85th Street), and County Road 606 (Oslo Road), and 2025-069, expressing the intention to transfer maintenance obligations for Railroad crossings #272168 located with in the transfer limits of CR-510 and #272200 located within the transfer limits of CR-606, authorizing the execution of necessary documents upon the Department of Transportation entering into separate railroad crossing agreements with the Florida East Coast Railway, L.L.C., and providing for an effective date. The motion carried by the following vote:

Aye: 5 - Chairman Flescher, Vice Chairman Loar, Commissioner Adams, Commissioner Earman, and Commissioner Moss

11.A.3. Miscellaneous Budget Amendment 06

Director Kristin Daniels from the Office of Management & Budget presented Budget Amendment 6 to the Board. This amendment would allocate cash to finance rollover projects, grants, and compensated absences. According to Florida statute 129.062(f), a public hearing must be held whenever the budget is amended using cash.

The Chairman opened the public hearing. There being no speakers, the Chairman closed the hearing.

There was no further discussion on this Item.

A motion was made by Commissioner Earman, seconded by Vice Chairman Loar, to approve staff's recommendations and Resolution 2025-070, amending the Fiscal Year 2024-2025 Budget . The motion carried by the following vote:

Aye: 5 - Chairman Flescher, Vice Chairman Loar, Commissioner Adams, Commissioner Earman, and Commissioner Moss

The Chairman called for a recess at 9:39 a.m. and reconvened at 9:45 a.m. with all members present.

B. PUBLIC NOTICE ITEMS

12. COUNTY ADMINISTRATOR MATTERS

12.A. Proposed Commission Meeting Dates for CY 2026

Recommended Action: Staff recommends approval of the proposed Board of County Commission Regular Meeting dates for the Calendar Year 2026 as well as direction from the Board for the County Attorney to prepare an ordinance to amend the code to clarify Sections 102.01(1) and (4).

County Administrator Titkanich shared the proposed meeting dates for the Board of County Commissioners for 2026. He noted that the Board Agenda Packet was sent by noon on Fridays. He recommended finalizing and sending the agenda packet by the close of business on the Thursday before the meeting to avoid last-minute delays.

A motion was made by Commissioner Moss, seconded by Commissioner Adams, to approve staff's recommendation. The motion carried by the following vote:

Aye: 5 - Chairman Flescher, Vice Chairman Loar, Commissioner Adams, Commissioner Earman, and Commissioner Moss

12.B. County Administrator Employment Agreement

Recommended Action:

Approve the County Administrator Employment Agreement and authorize the Chairman to execute the agreement following review and approval by the County Attorney.

County Administrator Titkanich proposed a three-year contract renewal, emphasizing his achievements in organizational improvements and customer satisfaction without requesting a salary increase. Vice Chairman Loar expressed concerns about communication and media engagement, advocating for better practices to enhance public perception. Commissioners Earman and Adams, urged support for the Administrator, while Flescher criticized the spending on consultants and expressed concerns about communication effectiveness.

Administrator Titkanich offered to address questions in a memo and highlighted the importance of resolving the contract status before the holidays. Chairman Flescher suggested starting with a one-year contract to allow for an assessment, fearing a three-year commitment was too substantial. Vice Chairman Loar encouraged Commissioners to support Administrator Titkanich's leadership if they valued the direction taken over the past 2.5 years, although he himself felt discomfort with the communication effectiveness.

Commissioner Moss defended Administrator Titkanich by listing significant accomplishments during his tenure, such as the Parks and Recreation Master Plan, the Stormwater Management Plan, the Indian River Lagoon Management Plan, the Urban Service Boundary (USB) study and others. She called for recognition of these achievements.

Commissioner Adams emphasized the County's achievements over the past two years, highlighting the need for steady leadership from the Commissioners. She stressed that decisions should be based on facts, not rumors. She expressed concern that ongoing distractions, leaks, and political maneuvering erode trust and divert attention from key issues. Commissioner Adams reaffirmed her commitment to

accountability and transparency, advocating for thoughtful performance reviews instead of undermining the Administrator. She urged her fellow Commissioners to recognize these challenges for effective collaboration moving forward.

Michael Marsh addressed the Board to express his curiosity about a leaked text message from a Commissioner to the Press. He emphasized the importance of clarifying the source of the leak, highlighting distractions caused by media involvement.

Walter McNulty expressed frustration with the Board's rush to approve the contract that was not due until April 2026. He emphasized the importance of listening to community members rather than acting independently. Mr. McNulty highlighted a lack of representation and accountability from Board members, insisting that decisions should reflect the wishes of the majority. He called for careful consideration and responsiveness to community concerns.

Tom Sullivan spoke in support of Administrator Titkanich.

A motion was made by Commissioner Moss, seconded by Commissioner Adams, to approve the County Administrator's Employment Agreement. The motion carried by the following vote:

Aye: 3 - Commissioner Adams, Commissioner Earman, and Commissioner Moss

Nay: 2 - Chairman Flescher, and Vice Chairman Loar

13.H.1.

Consideration of a Sale Agreement for the Purchase of the 19.6-acre Jungle Trail Island Club Manor site through the Environmental Lands Acquisition Bond

Deputy County Administrator Mike Zito presented the updated proposal for the acquisition of the Jungle Trail Island Club, a 19.6-acre tier-one property, through the Environmental Lands Acquisition Panel (ELAP). He stated that this matter was thoroughly discussed at the ELAP's October 24, 2025, meeting. After allowing the public time to review the appraisals and gather feedback, staff followed the established process and presented the information to the Board.

In response to Commissioner Earman, Wendy Swindell, the Assistant Director of Parks, Recreation & Conservation, emphasized the importance of the nearby location next to Captain Forster. She noted that staff aimed to tackle several issues at Captain Forster, particularly the flooding on the south side. Ms. Swindell explained that the site was essentially a blank slate, presenting a new opportunity for staff to consider potential solutions. She stated that staff would present a conceptual plan to the Board outlining what would be feasible.

A motion was made by Commissioner Earman, seconded by Commissioner Adams, to approve staff's recommendation. The motion carried by the following vote:

Aye: 5 - Chairman Flescher, Vice Chairman Loar, Commissioner Adams, Commissioner Earman, and Commissioner Moss

I. Planning and Development Services**J. Public Works****K. Sandridge Golf Club****L. Utilities Services****13.L.1.** **Review of America's Water Infrastructure Act Risk and Resilience Assessment Updates, IRCDUS Project ID 00.24.518**

Recommended Action: This item will be a presentation by staff to the Indian River County Board of County Commissioners on the America's Water Infrastructure Act, Risk and Resilience Assessment Updates. No action is required.

Manager of Capital Projects Howard Richards was joined by Arcadis Consultant Corie Sapp, who presented slides on the America's Water Infrastructure Act (AWIA) Risk and Resilience Assessment and Emergency Response Plan Update Services. Ms. Sapp stated that the Emergency Response Plan (ERP) aligned with

Local, State, and Federal standards. She explained that staff had updated and expanded the ERP and the Rapid Response Guide (Guide), a concise document that highlighted the critical information staff needed in an emergency. The Guide addressed the most significant hazards identified in AWIA, ensuring that Utility Services were prepared to respond effectively. It outlined the necessary resources, roles, and responsibilities for recovery and coordination with Emergency Services.

There was no further discussion on the Item.

A motion was made by Vice Chairman Loar, seconded by Commissioner Adams, to accept the America's Water Infrastructure Act (AWIA) Risk and Resilience Assessment and Emergency Response Plan Update. The motion carried by the following vote:

Aye: 5 - Chairman Flescher, Vice Chairman Loar, Commissioner Adams, Commissioner Earman, and Commissioner Moss

14. COUNTY ATTORNEY MATTERS

14.A. Culverted Road Crossing Maintenance Agreement with Vero West Business Park

Deputy County Attorney Susan Prado discussed the 30-foot-wide drainage canal right-of-way that had been established by the Kenilworth Estates Plat, which Vero West Business Park, LLC sought to develop. To access the property, a culverted road was needed to cross the right-of-way, and a maintenance agreement had been prepared between the County and the Vero West Business Park Property Owners' Association (POA). The agreement held the POA responsible for maintaining the culvert and road crossing, relieving the County of any obligations. Before finalizing the plat, clarifications on payment and maintenance responsibilities were necessary. The agreement would be recorded in public records to ensure clear responsibilities for the POA regarding the culvert and road crossing.

Ms. Prado informed Commissioner Moss that an internal road was currently in place, primarily connecting two private parcels owned by the applicant. This road did not facilitate any external traffic.

A motion was made by Vice Chairman Loar, seconded by Chairman Flescher, to approve staff's recommendation. The motion carried by the following vote:

Aye: 5 - Chairman Flescher, Vice Chairman Loar, Commissioner Adams, Commissioner Earman, and Commissioner Moss

15. COMMISSIONERS MATTERS

A. Commissioner Joseph E. Flescher, Chairman

B. Commissioner Deryl Loar, Vice Chairman

C. Commissioner Susan Adams

D. Commissioner Joseph H. Earman

15.B.1. Residential Paper Shredding Event on November 15, 2025

Recommended Action: Solid Waste Disposal District staff recommends that the Board approve the Fall Residential Paper Shredding Event to be held on November 15, 2025.

Recycling Specialist Jill Brown announced the Residential Paper Shredding event would be held on Saturday, November 15, 2025, from 7:00 a.m. to 11:00 a.m. at Southeast Secure Shredding.

No Action Taken or Required

C. Environmental Control Board

17. PUBLIC COMMENT: NON-AGENDA-RELATED MATTERS

Lisa Snyderski passionately advocated for community autonomy and local land-use rights, urging Indian River County to take a stand against legislation threatening Indian River County's way of life.

Chairman Flescher responded that, given the situation in Tallahassee and their recent actions, the Board's ability to exercise Home Rule was now restricted, preventing the Board from imposing more restrictive covenants.

18. ADJOURNMENT

There being no further business, the Chairman adjourned the meeting at 12:29 pm.
