The Chairman opened the public hearing. There being no speakers, the Chairman closed the hearing.

A motion was made by Commissioner Flescher, seconded by Commissioner Loar, to approve staff’s recommendation and adopt Ordinance 2023-014, amending the Code of Indian River County, Section 102.04, Order of Business Agenda for County Commission meetings; together with amending Section 901.03 Definitions in Alphabetical Order; and providing for codification, severability, repeal of conflicting provisions, and an effective date. 11. COUNTY ADMINISTRATOR MATTERS

11.A.

Joint Meeting - City of Vero Beach and Indian River County

County Administrator John Titkanich announced that the next joint meeting with the City of Vero Beach will be held on October 24th, from 2 p.m. to 4 p.m., at the County Main Library. The proposed topics will cover utilities, service territory, plan capacity, septic to sewer, park recreation opportunities, and potential acquisition of services. Other topics may include roadways, Building Department, Fire Marshall, and regional growth impact.

Commissioner Moss requested that if there was extra time during the joint meeting, could a discussion be had regarding the County lobbyist's matters in Tallahassee that would affect both parties in the interest of good governance and intergovernmental cooperation.

Vice Chairman Adams pointed out that the County had always worked collaboratively with lobbyists and advocates whenever issues affected the City and the County. She believed that having more people advocating, whether for an appropriation or a policy change, would be helpful. However, she expressed concern about adding this to the official agenda because the conversation had not been had with the City of Sebastian. She did not want the other Municipalities to feel like this was a unique relationship between the County and the City of Vero Beach. Ms. Adams cautioned that when items were added specifically to the agenda, it may appear that the County would only do this with Vero Beach, but not with Sebastian or Fellsmere. She believed this topic was already covered under the umbrella policy of working together as a community.

Commissioner Flescher questioned why the County would raise an issue with one municipality when the County had not done so in the past. He stated the County had a good relationship with the Sheriff's Office and Fire Marshalls and a great inter-relationship with municipalities. He asserted it was unnecessary to include these topics on the agenda. He further stated he was hesitant about presenting our lobbyist as a topic for discussion with the city where the County had not had that conversation with other municipalities.

Chairman Earman agreed to work collaboratively on fundamental issues for citizens' betterment and to discuss legislative issues in future special call meetings.

A motion was made by Commissioner Flescher, seconded by Chairman Earman, to approve staff's recommendation. The motion carried by the following vote:

Aye: 5 - Chairman Earman, Vice Chairman Adams, Commissioner Flescher, Commissioner Loar, and Commissioner Moss

11.B. Four County Joint Resolution

County Administrator John Titkanich stated a meeting had been scheduled between the County Commissioners of Indian River, St. Lucie, Martin, and Okeechobee counties. The meeting would take place on Friday, October 27, 2023, at 10:00 am at the Indian River State College Pruitt Campus' STEM Center Auditorium in Port St. Lucie, Florida. This meeting would be held in accordance with section 125.001 of the Florida Statutes, which permits the Board to hold a joint meeting with the governing bodies of adjacent counties or municipalities to discuss issues of mutual interest.

Administrator Titkanich outlined several topics for discussion during the meeting, including biosolid waste to energy, septic to sewer, the impact of House Bill 1379, potential funding opportunities by 2030, legislative approach for affordable housing, Senate Bill 102, removing permitted rights in residential and industrial zoning districts, and an update on the medical examiner facility and the plans for its construction in 2025.

There was no further discussion on the Item.

A motion was made by Commissioner Flescher, seconded by Vice Chairman Adams, to approve topics for discussion and Resolution 2023-066, authorizing the Board of County Commissioners for Indian River County to participate in a Joint Meeting with the Board of County Commissioners of St. Lucie County, the Board of County Commissioners of Martin County, and the Board of County Commissioners of Okeechobee County, to discuss and plan matters of mutual interest; and providing for an effective date.
