

**AMENDMENT TO WORK ORDER FOR**  
**Environmental Land Acquisition Services**

(Project Name)

This Amendment 02 to Work Order Number 01 is entered into as of \_\_\_\_\_, pursuant to that certain Agreement, dated September 26, 2023, ("Agreement"), by and between INDIAN RIVER COUNTY, a political subdivision of the State of Florida ("COUNTY") and WATER AND AIR RESEARCH INCORPORATED ("Consultant").

1. The COUNTY has selected the Consultant to perform the professional services set forth in existing Work Order Number 01, with an Effective Date of 6/20/2024.
2. The COUNTY and the Consultant desire to amend this Work Order as set forth on Exhibit A (Modification to Scope of Work), attached to this Amendment and made part hereof by this reference. The professional services will be performed by the Consultant within the timeframe set forth in the Work Order, or as amended in Exhibit A, all in accordance with the terms and provisions set forth in the Agreement.
3. From and after the Effective Date of this Amendment, the above-referenced Work Order is modified as set forth in this Amendment. Pursuant to paragraph 1.4 of the Agreement, nothing contained in any Work Order shall conflict with the terms of the Agreement and the terms of the Agreement shall be deemed to be incorporated in each individual Work Order as if fully set forth herein.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the date first written above.

### ENVIRONMENTAL LAND BOND Property Assessments

This Amendment #2 under Contract #2023064 is to complete additional property assessments in support of the County's Environmental Land Acquisition Bond.

The purpose of the Property Assessments is to provide the Environmental Lands Acquisition Panel (ELAP) with sufficient information to allow members to rank nominated parcels that have (1) met the minimum review criteria and (2) received documentation from the property owner that the nominated area may be included for consideration for purchase (i.e. "Willing Seller"). A Property Assessment is needed for each parcel to be ranked by the ELAP. The Property Summary initially will be generated as a compilation of database information (aka a "desktop" survey); however, an additional field survey may be required for specific nominated properties.

**As Needed Services:** Water & Air will provide additional services as assigned by Wendy Swindell in the Agreement and Scope of Services for Contract 2023064.

2

Water & Air rates for Contract #2023064, in order of anticipated most-highly to least-highly utilized for this project:
