TO: Board of County Commissioners
THROUGH: John A. Titkanich, Jr., County Administrator
FROM: Zac Portwood, Acting Director of Information Technology
SUBJECT: Microsoft Enterprise Agreement Renewal - Correction

BACKGROUND

Indian River County is in the last year of our Microsoft Enterprise Agreement. The agreement is to be renewed in December 2024 for another three years. This agreement covers software we purchase including backend software (Windows Server, Exchange Email Server, SQL Server) and our Cloud Office Suite (Microsoft 365). The Department of Information Technology got a quote from each License Service Provider: SHI is quoted at \$555,077.65; Insight Public Sector is quoted at \$476,654.87 annually; CDW is quoted at \$547,204.66.

This item was brought to the board on October 8, 2024 as a consent item and approved. Afterward, Microsoft pointed out an error in the quotes and these have been fixed. This changed the price of the quotes: SHI is now \$555,580.31; Insight Public Sector is now \$508,252.14; CDW stays at \$547,204.66.

FUNDING

Funding for the software is available in the Informational Technology Fund/Information Systems/Computer Software Account 50524113-035120 and the Main Library Account 00110971-035120.
