XXXXXXXXXX

Subject: Local Option Gas Tax Distribution Formula for 2024/2025

XXXXXXXXXX:

The County has downloaded the total transportation expenditures for your city, \$XXXXXX) for the fiscal year 2022/2023 from the Local Highway Finance Report. To complete the tax distribution formula, we need to obtain the number of lane-miles of roads, as well as the number of bridges, under your jurisdiction.

For your use, I have attached a copy of the Local Option Gas Tax Distribution Formula table for 2023, with the lane-mile/bridge information received from 2021/2022. I have highlighted your agency totals in yellow.

Please transmit the 2022/2023 lane-mile and bridge information to my attention at the Indian River County Public Works Department as soon as possible. Preferably, you can email the information to: lcclark@indianriver.gov. A new table, which shows the gas tax distribution percentages based upon the formula, to be effective FY 2024/2025, will be sent to you.

The County expects to schedule a public hearing in May on this issue.

Please contact me at (772) 226-1379, if you have any questions.

Sincerely,

Kirstin Leiendecker, P.E.
Acting Public Works Director
