Dear Director Johnson,

This is to confirm that we have completed a State review of the Indian River County Local Mitigation Strategy (LMS) update for compliance with the federal hazard mitigation planning standards contained in 44 CFR 201.6(b)-(d). Based on our review and comments, Indian River County developed and submitted all the necessary plan revisions and our staff has reviewed and approved these revisions. Upon submittal of a copy of all participating jurisdictions' documentation of their adoption resolutions to our office, we will send all necessary documentation to the Federal Emergency Management Agency (FEMA) who will issue formal approval of the Indian River County LMS.
