2. Purpose of Grant: The Grant shall be used only for the purposes set forth in the complete proposal submitted by the Subrecipient and incorporated herein by this reference (Exhibit B).
3. Research and Development: The award under this Contract is not for research activities, both basic and applied, and all development activities that are performed by non-Federal entities. The term research also includes activities involving the training of individuals in research techniques where such activities utilize the same facilities as other research and development activities and where such activities are not included in the instruction function.

4. Term: The Subrecipient acknowledges and agrees that the Grant is limited to the fiscal year(s) listed in Exhibit A (Grant Period).
5. Grant Funds and Payment: The approved Grant for the Grant Period is \$7,360,657 (Exhibit A). Each reimbursement request shall contain the information, at a minimum, that is set forth in Exhibit "C" attached hereto and incorporated herein by this reference. All reimbursement requests are subject to audit by the County. In addition, the County may require additional documentation of expenditures, as it deems appropriate.
6. Indirect costs: Subrecipient is permitted to charge an indirect cost rate of 0% to the federal award because indirect costs are charged directly through an approved indirect cost allocation plan. (The rate shall be based on either the County's federally negotiated indirect cost rate or, if no such rate has been obtained, a fixed rate of 15% of modified total direct costs).

7. Additional Obligations of Subrecipient.

- 7.1 Records: The Subrecipient shall maintain adequate internal controls in order to safeguard the Grant. In addition, the Subrecipient shall maintain adequate records fully to document the use of the Grant funds for at least three (3) years after the expiration of the Grant Period. 7.4 Audit Requirements: If Subrecipient receives \$100,000 or more in the aggregate from all Indian River County government funding sources, the Subrecipient is required to have an audit completed by an independent certified public accountant at the end of the Subrecipient's fiscal year. Within 180 days of the end of the Subrecipient's fiscal year, the Subrecipient shall submit the audit to the Indian River County Office of Management and Budget. The fiscal year will be as reported on the application for funding, and the Subrecipient agrees to notify the County prior to any change in the fiscal period of Subrecipient. The Subrecipient acknowledges that the County may deny funding to any Subrecipient if an audit required by this Contract for a prior fiscal year is past due and has not been submitted within the 180 day period. The Office of Management and Budget may extend the 180 day audit submittal requirement, based upon a written request justifying the extension and if deemed to be in the best interest of the County. The extension will typically not exceed the three (3) months from the original due date. If Subrecipient expends \$1,000,000 or more in Federal Awards during Subrecipient's fiscal period, a single audit must be conducted for that fiscal period in accordance with the compliance requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

When selected, the de minimus rate must be used consistently for all federal awards until such time the agency chooses to negotiate a rate. A cost policy statement and de minimis certification form must be submitted to the Department for review and approval.
 - iii. Agency has selected to apply a state or federally approved indirect cost rate. A federally approved rate agreement or indirect cost allocation plan (ICAP) must be submitted annually.
- f. **Agency Compliance with Laws, Rules, and Regulations, Guidelines, and Standards.** The Agency shall comply and require its contractors and subcontractors to comply with all terms

and conditions of this Agreement and all federal, state, and local laws and regulations applicable to this Project.

g. Claims and Requests for Additional Work. The Agency shall have the sole responsibility for resolving claims and requests for additional work for the Project. The Agency will make best efforts to obtain the Department's input in its decisions. The Department is not obligated to reimburse for claims or requests for additional work.

12. Contracts of the Agency:

a. Approval of Third Party Contracts. The Department specifically reserves the right to review and approve any and all third party contracts with respect to the Project before the Agency executes or obligates itself in any manner requiring the disbursement of Department funds, including consultant and purchase of commodities contracts, or amendments thereto. If the Department chooses to review and approve third party contracts for this Project and the Agency fails to obtain such approval, that shall be sufficient cause for nonpayment by the Department. The Department specifically reserves unto itself the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of the same. If Federal Transit Administration (FTA) funds are used in the Project, the Department must exercise the right to third party contract review.

b. Procurement of Commodities or Contractual Services. It is understood and agreed by the Parties hereto that participation by the Department in a project with the Agency, where said project involves the purchase of commodities or contractual services where purchases or costs exceed the Threshold Amount for CATEGORY TWO per Section 287.017, Florida Statutes, is contingent on the Agency complying in full with the provisions of Section 287.057, Florida Statutes. The Agency's Authorized Official shall certify to the Department that the Agency's purchase of commodities or contractual services has been accomplished in compliance with Section 287.057, Florida Statutes. It shall be the sole responsibility of the Agency to ensure that any obligations made in accordance with this Section comply with the current threshold limits. Contracts, purchase orders, task orders, construction change orders, or any other agreement that would result in exceeding the current budget contained in **Exhibit "B", Schedule of Financial Assistance**, or that is not consistent with the Project description and scope of services contained in **Exhibit "A", Project Description and Responsibilities** must be approved by the Department prior to Agency execution. Failure to obtain such approval, and subsequent execution of an amendment to the Agreement if required, shall be sufficient cause for nonpayment by the Department, in accordance with this Agreement.

c. Consultants' Competitive Negotiation Act. It is understood and agreed by the Parties to this Agreement that participation by the Department in a project with the Agency, where said project involves a consultant contract for professional services, is contingent on the Agency's full compliance with provisions of Section 287.055, Florida Statutes, Consultants' Competitive Negotiation Act. In all cases, the Agency's Authorized Official shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act.

Part 26, as amended, shall have the opportunity to participate in the performance of contracts financed in whole or in part with Department funds under this Agreement. The DBE requirements of applicable federal and state laws and regulations apply to this Agreement. The Agency and its contractors agree to ensure that DBEs have the opportunity to participate in the performance of this Agreement. In this regard, all recipients and contractors shall take all necessary and reasonable steps in accordance with applicable federal and state laws and regulations to ensure that the DBEs have the opportunity to compete for and perform contracts. The Agency and its contractors

14. Sale, Transfer, or Disposal of Department-funded Property:

- a. The Agency will not sell or otherwise transfer or dispose of any part of its title or other interests in real property, facilities, or equipment funded in any part by the Department under this Agreement without prior written approval by the Department.

- b. If a sale, transfer, or disposal by the Agency of all or a portion of Department-funded real property, facilities, or equipment is approved by the Department, the following provisions will apply:

- i. The Agency shall reimburse the Department a proportional amount of the proceeds of the sale of any Department-funded property.

- ii. The proportional amount shall be determined on the basis of the ratio of the Department funding of the development or acquisition of the property multiplied against the sale amount, and shall be remitted to the Department within ninety (90) days of closing of sale.

- c. The terms of provisions "a" and "b" above shall survive the termination of this Agreement.

- i. The terms shall remain in full force and effect throughout the useful life of facilities developed, equipment acquired, or Project items installed within a facility, but shall not exceed twenty (20) years from the effective date of this Agreement.

- ii. There shall be no limit on the duration of the terms with respect to real property acquired with Department funds.

15. Single Audit. The administration of Federal or State resources awarded through the Department to the Agency by this Agreement may be subject to audits and/or monitoring by the Department. Department staff and/or other procedures, including reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to Federal awards provided through the Department by this Agreement. By entering into this Agreement, the Agency agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. The Agency further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department, State of Florida Chief Financial Officer (CFO), or State of Florida Auditor General.

An audit conducted by the State of Florida Auditor General in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, will meet the requirements of this part.

 - iii. In the event the Agency expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards, the Agency is exempt from Federal audit requirements for that fiscal year. In the event the Agency expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards in a fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, the cost of the audit must be paid from non-Federal resources (*i.e.*, the cost of such an audit must be paid from the Agency's resources obtained from other than Federal entities).
 - iv. The Agency must electronically submit to the Federal Audit Clearinghouse (FAC) at <https://harvester.census.gov/facweb/> the audit reporting package as required by 2 CFR Part 200, Subpart F – Audit Requirements, within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period. The FAC is the repository of record for audits required by 2 CFR Part 200, Subpart F – Audit Requirements. However, the Department requires a copy of the audit reporting package also be submitted to FDOTSingleAudit@dot.state.fl.us within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period as required by 2 CFR Part 200, Subpart F – Audit Requirements.

- 6. Required Budget.** The Agency shall provide the Department with two (2) copies of its most current adopted budget by March 1. Unless the adopted budget uses a format consistent with the National Transit Database (NTD) report, the copy provided to the Department will indicate how the projections for total local revenue, local tax revenue made available for operations, and depreciation and amortization costs, as they will appear in the NTD report, can be identified.
- 7. - 8. Annual Plan or Update.** The Agency shall submit a Transit Development Plan (TDP) or annual update to the Department by September 1 of each year.

10. Transit Vehicle Inventory Management. The agency will follow the Department's Transit Vehicle Inventory Management Procedure (725-030-025i), which outlines the requirements for continuing management control, inventory transfer and disposal actions. This procedure pertains ONLY to capital procurements of rolling stock using the FTA Section 5310, Section 5311, Section 5316 and Section 5317 programs as the funding source, or where the Department participates in 50% or more of the public transit vehicle's purchase price. This may include vehicles purchased under the State Transit Block Grant Program, State Transit Corridor Program, State Transit Service Development Program, or other applicable Departmental programs.

11. Formula Information. As authorized in Section 341.052, F.S., the annual appropriation in the program is divided by formula and then distributed to each eligible transit system. The formula described below is adjusted each year based on data received from the transit systems' federally required National Transit Data (NTD) report. A copy of the NTD report is required to be sent to the Department each year.

Distribution is accomplished through a multiple step process. 15% of the appropriation is given to the Commission for the Transportation Disadvantaged to be distributed to the Community Transportation Coordinators in accordance with Chapter 427, F.S. The remaining 85% is divided into three equal portions. Each eligible transit system gets a percentage of the first portion based on their percentage of total population served; the second portion is allocated based on their percentage of total revenue miles of service provided; and the third portion is allocated based on their percentage of total passengers carried. The total from all three portions is the total available allocation for each eligible transit system in the state.

Contract Payment Requirements
Florida Department of Financial Services, Reference Guide for State Expenditures
Cost Reimbursement Contracts

Invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation shall be submitted for each amount for which reimbursement is being claimed indicating that the item has been paid. Documentation for each amount for which reimbursement is being claimed must indicate that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved agreement budget may be reimbursed. These expenditures must be allowable (pursuant to law) and directly related to the services being provided.

Listed below are types and examples of supporting documentation for cost reimbursement agreements:

(1) Salaries: A payroll register or similar documentation should be submitted. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.

(2) Fringe Benefits: Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown.

Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.

(3) Travel: Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, which includes submission of the claim on the approved State travel voucher or electronic means.

(4) Other direct costs: Reimbursement will be made based on paid invoices/receipts. If nonexpendable property is purchased using State funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with Department of Management Services Rule 60A-1.017, Florida Administrative Code, regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in Section 273.02, Florida Statutes, for subsequent transfer to the State.

(5) In-house charges: Charges which may be of an internal nature (e.g., postage, copies, etc.) may be reimbursed on a usage log which shows the units times the rate being charged. The rates must be reasonable.

(6) Indirect costs: If the contract specifies that indirect costs will be paid based on a specified rate, then the calculation should be shown.

Contracts between state agencies, and/or contracts between universities may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports.

5. **Time.** Unless specified otherwise, all references to "days" within this Agreement refer to calendar days.

6. **Term of Agreement.** This Agreement shall commence upon full execution by both Parties ("Effective Date") and continue through November 30, 2025. If the Agency does not complete the Project within this time period, this Agreement will expire unless an extension of the time period is requested by the Agency and granted in writing by the Department prior to the expiration of this Agreement. Expiration of this Agreement will be considered termination of the Project. The cost of any work performed prior to the Effective Date or after the expiration date of this Agreement will not be reimbursed by the Department.

a. If this box is checked the following provision applies:
 Unless terminated earlier, work on the Project shall commence no later than the day of , or within days of the issuance of the Notice to Proceed for the construction phase of the Project (if the Project involves construction), whichever date is earlier. Such payment, however, may not exceed the equivalent percentage of the Department's maximum financial assistance. — Travel expenses ARE eligible for reimbursement under this Agreement. Bills for travel expenses specifically authorized in this Agreement shall be submitted on the Department's Contractor Travel Form No. 300-000-06 and will be paid in accordance with Section 112.061, Florida Statutes, and the most current version of the Department's Disbursement Handbook for Employees and Managers.

- f. Financial Consequences.** Payment shall be made only after receipt and approval of deliverables and costs incurred unless advance payments are authorized by the Chief Financial Officer of the State of Florida under Chapters 215 and 216, Florida Statutes, or the Department's Comptroller under Section 334.044(29), Florida Statutes. If the Department determines that the performance of the Agency is unsatisfactory, the Department shall notify the Agency of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the Department. The Agency shall, within thirty (30) days after notice from the Department, provide the Department with a corrective action plan describing how the Agency will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Department, the Agency will not be reimbursed. If the deficiency is subsequently resolved, the Agency may bill the Department for the amount that was previously not reimbursed during the next billing period. If the Agency is unable to resolve the deficiency, the funds shall be forfeited at the end of the Agreement's term.
- g. Invoice Processing.** An Agency receiving financial assistance from the Department should be aware of the following time frames. If a payment is not available within 40 days, a separate interest penalty at a rate as established pursuant to Section 55.03(1), Florida Statutes, will be due and payable, in addition to the invoice amount, to the Agency. Interest penalties of less than one (1) dollar will not be enforced unless the Agency requests payment. Invoices that have to be returned to an Agency because of Agency preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Agency who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516.

- h. Records Retention.** The Agency shall maintain an accounting system or separate accounts to ensure funds and projects are tracked separately. Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for five years after final payment is made. Copies of these records shall be furnished to the Department upon request. Records of costs incurred include the Agency's general accounting records and the Project records, together with supporting documents and records, of the Contractor and all subcontractors performing work on the Project, and all other records of the Contractor and subcontractors considered necessary by the Department for a proper audit of costs.
- i. Progress Reports.** Upon request, the Agency agrees to provide progress reports to the Department in the standard format used by the Department and at intervals established by the Department. The Department will be entitled at all times to be advised, at its request, as to the status of the Project and of details thereof.

Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department.
- l. **Final Invoice.** The Agency must submit the final invoice on the Project to the Department within 120 days after the completion of the Project. Invoices submitted after the 120-day time period may not be paid.
- m. **Department's Performance and Payment Contingent Upon Annual Appropriation by the Legislature.** The Department's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. The Department will notify the Agency, in writing, when funds are available.

"The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years; and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of \$25,000 and which have a term for a period of more than 1 year."

- o. **Agency Obligation to Refund Department.** Any Project funds made available by the Department pursuant to this Agreement that are determined by the Department to have been expended by the Agency in violation of this Agreement or any other applicable law or regulation shall be promptly refunded in full to the Department. Acceptance by the Department of any documentation or certifications, mandatory or otherwise permitted, that the Agency files shall not constitute a waiver of the Department's rights as the funding agency to verify all information at a later date by audit or investigation.
- p. **Non-Eligible Costs.** In determining the amount of the payment, the Department will exclude all Project costs incurred by the Agency prior to the execution of this Agreement, costs incurred

- g. **Claims and Requests for Additional Work.** The Agency shall have the sole responsibility for resolving claims and requests for additional work for the Project. If Federal Transit Administration (FTA) funds are used in the Project, the Department must exercise the right to third party contract review.

The Agency's Authorized Official shall certify to the Department that the Agency's purchase of commodities or contractual services has been accomplished in compliance with Section 287.057, Florida Statutes. It shall be the sole responsibility of the Agency to ensure that any obligations made in accordance with this Section comply with the current threshold limits. Contracts, purchase orders, task orders, construction change orders, or any other agreement that would result in exceeding the current budget contained in **Exhibit "B", Schedule of Financial Assistance**, or that is not consistent with the Project description and scope of services contained in **Exhibit "A", Project Description and Responsibilities** must be approved by the Department prior to Agency execution. Failure to obtain such approval, and subsequent execution of an amendment to the Agreement if required, shall be sufficient cause for nonpayment by the Department, in accordance with this Agreement.
- c. **Consultants' Competitive Negotiation Act.** It is understood and agreed by the Parties to this Agreement that participation by the Department in a project with the Agency, where said project involves a consultant contract for professional services, is contingent on the Agency's full compliance with provisions of Section 287.055, Florida Statutes, Consultants' Competitive Negotiation Act. In all cases, the Agency's Authorized Official shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act.
- d. **Disadvantaged Business Enterprise (DBE) Policy and Obligation.** It is the policy of the Department that DBEs, as defined in 49 C.F.R. The DBE requirements of applicable federal and state laws and regulations apply to this Agreement. The Agency and its contractors agree to ensure that DBEs have the opportunity to participate in the performance of this Agreement. In this regard, all recipients and contractors shall take all necessary and reasonable steps in accordance with applicable federal and state laws and regulations to ensure that the DBEs have the opportunity to compete for and perform contracts. - c. The terms of provisions "a" and "b" above shall survive the termination of this Agreement.

- i. The terms shall remain in full force and effect throughout the useful life of facilities developed, equipment acquired, or Project items installed within a facility, but shall not exceed twenty (20) years from the effective date of this Agreement.

If the Agency elects to hire a contractor or consultant to perform the Project, then the Agency shall carry, or cause its contractor or consultant to carry, Commercial General Liability insurance providing continuous coverage for all work or operations performed under this Agreement. Such insurance shall be no more restrictive than that provided by the latest occurrence form edition of the standard Commercial General Liability Coverage Form (ISO Form CG 00 01) as filed for use in the State of Florida. 5. **Charter Operation.** The Section 5311 subrecipient agrees to comply with 49 U.S.C. 5323(d), (r) and 49 CFR 604, which provide that recipients and subrecipients of FTA assistance are prohibited from providing charter service using federally funded equipment or facilities if there is at least one private charter operator willing and able to provide the service, except under one of the exceptions at 49 CFR 604.9. Any charter service provided under one of the exceptions must be "incidental," i.e., it must not interfere with or detract from the provision of mass transportation.
6. **Exclusive Operation.** Pursuant to 49 U.S.C. 5323(f) and 49 CFR 605, the Section 5311 subrecipient of FTA assistance may not engage in school bus operations exclusively for the transportation of students and school personnel in competition with private school bus operators unless qualified under specified exemptions. 10. **Bonding Requirements.** If this Agreement is for a construction Project over \$150,000 the recipient must adhere to FTA's bonding requirements as outlined in the Best Practices Procurement Manual.

16. **Compliance with FTA Terms and Conditions.** The 5311 subrecipient shall not perform any act, fail to perform any act, or refuse to comply with any Department requests which would cause the 5311 subrecipient to be in violation of the FTA terms and conditions.
17. **Annual Safety Certification.** In accordance with Section 341.061, F.S., and Rule 14-90, Florida Administrative Code, the Agency shall submit, and the Department shall have on file, an annual safety certification stating that the Agency has adopted and is complying with its adopted System Safety and Security Program Plan, and has performed annual safety inspections of all buses operated.
18. **Budget/cost analysis.** The Agency will assist the Department by providing accurate information for the Department to create a budget/cost analysis in accordance with Section 216.3475, F.S.

21. **Public Body Non-CTC Recipients.** An Agency may receive 5311 funds when the Community Transportation Coordinator in the county is a private-for-profit entity. When the Agency accepts the 5311 funding, enters into a contract/PTGA with the Department, and the contracts with the Community Transportation Coordinator to provide rural general public transportation in the same service area in which the Community Transportation Coordinator is providing non-sponsored trips for the Commission for the Transportation Disadvantaged, then the non-sponsored human service transportation grant funds will be considered as eligible match for the 5311 funds. The Agency will be responsible for ensuring that the Community Transportation Coordinator meets all the requirements associated with the federal funds. The Agency will be responsible for ensuring that all dollars provided as match were for public transportation eligible trips. The Agency must keep financial records that substantiate the eligibility for the match being provided and make that documentation available to the Department on request.
22. **Transit Vehicle Inventory Management.** The Agency will follow the Department's Transit Vehicle Inventory Management Procedure (725-030-025i), which outlines the requirements for continuing management control, inventory transfer and disposal actions. This procedure pertains ONLY to capital procurements of rolling stock using the FTA Section 5310, Section 5311, Section 5316, and Section 5317 programs as the funding source, or where the Department participates in 50% or more of the public transit vehicle's purchase price.

Contract Payment Requirements
Florida Department of Financial Services, Reference Guide for State Expenditures
Cost Reimbursement Contracts

Invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation shall be submitted for each amount for which reimbursement is being claimed indicating that the item has been paid. Documentation for each amount for which reimbursement is being claimed must indicate that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved agreement budget may be reimbursed. These expenditures must be allowable (pursuant to law) and directly related to the services being provided.

Listed below are types and examples of supporting documentation for cost reimbursement agreements:

(1) Salaries: A payroll register or similar documentation should be submitted. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.

(2) Fringe Benefits: Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown.

Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.

(3) Travel: Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, which includes submission of the claim on the approved State travel voucher or electronic means.

(4) Other direct costs: Reimbursement will be made based on paid invoices/receipts. If nonexpendable property is purchased using State funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with Department of Management Services Rule 60A-1.017, Florida Administrative Code, regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in Section 273.02, Florida Statutes, for subsequent transfer to the State.

(5) In-house charges: Charges which may be of an internal nature (e.g., postage, copies, etc.) may be reimbursed on a usage log which shows the units times the rate being charged. The rates must be reasonable.

(6) Indirect costs: If the contract specifies that indirect costs will be paid based on a specified rate, then the calculation should be shown.

Contracts between state agencies, and/or contracts between universities may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports.

EXHIBIT C

[From policy adopted by Indian River County Board of County Commissioners on February 19, 2002]

“D. Nonprofit Agency Responsibilities after Award of Funding

Indian River County provides funding to all nonprofit agencies on a reimbursement basis only.

All reimbursable expenses must be documented by an invoice and/or a copy of the canceled check. Any expense not documented properly to the satisfaction of the Office of Management & Budget and/or the County Administrator may not be reimbursed.

If an agency repeatedly fails to provide adequate documentation, this may be reported to the Board of Commissioners. In the event an agency provides inadequate documentation on a consistent basis, funding may be discontinued immediately. Additionally, this may adversely affect future funding requests.

Expenditures may only be reimbursed from the fiscal year for which funding was awarded. For example, no expenditures prior to October 1st may be reimbursed with funds from the following year. Additionally, if any funds are unexpended at the end of a fiscal year, these funds are not carried over to the next year unless expressly authorized by the Board of Commissioners.

All requests for reimbursement at fiscal year-end (September 30th) must be submitted on a timely basis. Each year, the Office of Management & Budget will send a letter to all nonprofit agencies advising of the deadline for reimbursement requests for the fiscal year. This deadline is typically early to mid-October, since the Comptroller Division does not process checks for the prior fiscal year beyond that point.

Each reimbursement request must include a summary of expenses by type. These summaries should be broken down into salaries, benefits, supplies, contractual services, etc. If Indian River County is reimbursing an agency for only a portion of an expense (e.g. salary of an employee), then the method for this portion should be disclosed on the summary. The Office of Management & Budget has summary forms available.

Indian River County will not reimburse certain types of expenditures. These expenditure types are listed below.

- a. Travel expenses for travel outside the County including but not limited to; mileage reimbursement, hotel rooms, meals, meal allowances, per Diem, and tolls. Mileage reimbursement for local travel (within Indian River County) is allowable.
- b. Sick or Vacation payments for employees. Since agencies may have various sick and vacation pay policies, these must be provided from other sources.
- c. Any expenses not associated with the provision of the program for which the County has awarded funding.
- d. Any expense not outlined in the agency's funding application.

The County reserves the right to decline reimbursement for any expense as deemed necessary.”
