

**DEVELOPER'S AGREEMENT BETWEEN
INDIAN RIVER COUNTY
AND
PROVIDENCE POINTE VERO BEACH LLC
FOR OFF-SITE TRAFFIC IMPROVEMENTS AND RIGHT-OF-WAY
DEDICATION**

THIS DEVELOPER'S AGREEMENT is made and entered into this 18 day of November, 2014, by and between **INDIAN RIVER COUNTY, FLORIDA**, a political subdivision of the State of Florida, 1801 27th Street, Vero Beach, FL 32960 ("County") and **PROVIDENCE POINTE VERO BEACH LLC**, a Florida limited liability company, 660 Reef Road, Vero Beach, FL 32963 ("Developer").

WITNESSETH:

WHEREAS, Developer proposes to develop a "Planned Development/Traditional Neighborhood Design" (PD/TND) Community located between 49th Street and 53rd Street, along and West of 58th Avenue in Indian River County, Florida, to be known as Providence Pointe, to include a mix of residential, commercial, hotel, recreational, and other uses on real property legally described as follows:

SEE EXHIBIT "A" ATTACHED HERETO AND MADE A PART HEREOF.

WHEREAS, at its regular meeting of August 20, 2013, the Board of County Commissioners of Indian River County approved the Developer's Planned Development Traditional Neighborhood Design ("PDTND") rezoning request and granted conceptual PD plan approval for "Providence Pointe" (PD-13-04-01/2004110179-70350) ("Conceptual Plan"); and

WHEREAS, a developer's agreement for off-site traffic improvements and right-of-way dedication is required as a condition of PD/TND approval; and

WHEREAS, the County and the Developer share mutual goals and have determined that they can assist each other with respect to right-of-way acquisition, roadway and drainage improvements, intersection improvements, and other improvements described herein and required by the PD/TND approval; and

WHEREAS, the County and the Developer desire to enter into this Agreement to set forth the terms and conditions to which they have agreed with respect to the matters contained herein;

NOW, THEREFORE, for and in consideration of these premises, Ten Dollars (\$10.00), and other good and valuable consideration, the receipt and sufficiency of which are hereby

acknowledged, the County and the Developer do hereby covenant, stipulate, and agree as follows:

1. Recitals: The foregoing recitals are incorporated as if fully restated herein.
2. Intersection Improvements: Developer shall contribute the following sums of money or construction or both toward the Intersection Improvements specified below. County acknowledges that the contributions or construction or both described herein satisfy the Developer's entire obligation with respect to off-site intersection improvements through build-out of Providence Pointe, except to the extent that additional property or residential units or commercial development may be added to Providence Pointe in the future. The County shall not withhold any approval or permit, nor shall it deny any concurrency certificate, because of the condition or state of any intersection in the County as long as the Developer is in compliance with this Developer's Agreement.
 - A. 41st Street and 58th Avenue: (1) Prior to the issuance of a Certificate of Completion ("CC") for Phase I of the Conceptual Plan, Developer shall optimize the signal timing at this intersection. (2) Prior to the issuance of a Certificate of Completion for Phase II, as depicted on the Conceptual Plan, the Developer shall construct a northbound right turn lane and shall optimize the signal timing at this intersection. If the County has not obtained the right-of-way needed for the Developer to construct a northbound right turn lane as described herein, then the Developer shall contribute the estimated cost for the design and construction of the right turn lane to the County, as determined by a certified cost estimate prepared by the project engineer and approved by the County. (Wherever used in this Agreement, costs for "design" or "construction" or both shall not include right-of-way acquisition costs.)
 - B. 45th Street and 58th Avenue: Prior to the issuance of a CC for Phase I as depicted on the Conceptual Plan, or within ninety (90) days after the County provides the Developer with a fully executed construction contract for the ultimate intersection and improvements which include left turn lanes from all approaches, whichever occurs first, the Developer shall contribute 13.9% of the estimated construction costs as the Developer's Cost Share.
 - C. 49th Street and 58th Avenue:
 - (1) Prior to the issuance of a CC for Phase IA as depicted on the Conceptual Plan, the Developer shall obtain a permit

and install a temporary traffic signal consisting of a box-span wire at this intersection.

- (2) Prior to the issuance of a CC for Phase IA as depicted on the Conceptual Plan, or within ninety (90) days after the County provides the Developer with a fully executed construction contract for the ultimate intersection and improvements which include left turn lanes from all approaches, whichever occurs first, the Developer shall contribute 14.7% of the estimated construction costs as the Developer's Cost Share.

D. 53rd Street and 58th Avenue: Prior to the issuance of a CC for Phase IA as depicted on the Conceptual Plan, the Developer agrees to plan, survey, design, permit, and construct intersection improvements consisting of the west leg of the intersection as a four lane road to the project's westernmost connection to 53rd Street, for a distance of approximately 900 feet west of 58th Avenue, together with an additional transition from a 4-lane road to a 2 lane road, provided, however, that the County shall be responsible for and shall pay fifty percent (50%) of all such costs, subject to the following additional terms and conditions:

- (1) The County's obligation for the cost of landscaping and irrigation shall be limited to fifty percent (50%) of \$100,000.00 per mile.
- (2) The County shall not be obligated to share in the cost of site related roadway improvements, such as turn lanes into the project.
- (3) The County shall have the right to approve the scope of work and compensation for the design and engineering phase of the project. The County shall not unreasonably withhold or delay such approval. Failure to reply to the Developer within thirty (30) days after the submittal of design and engineering plans shall constitute approval.
- (4) The Developer shall have no responsibility for the design or engineering of 53rd Street west of the Developer's actual construction of the west leg of the intersection as described herein; however, prior to or concurrently with final plat approval for Phase IIA as shown on the conceptual PD plan, the Developer shall be required to escrow funds with

the County for Developer's share (37.5%) of the cost of the construction of 53rd Street as a two lane road from the point where the paved improvements described herein end to the point which is 2,454 feet west of the project's east property line.

- (5) The Developer's obligation with respect to 53rd Street, as identified in this Developer's Agreement, shall be deemed satisfied so long as the Developer is in compliance with this Agreement, and the County shall not withhold any approval, permit, or concurrency certificate because of the condition of 53rd Street anywhere except adjacent to Providence Pointe, provided the Developer is in compliance with this Agreement.
- (6) The Developer shall receive traffic impact fee credits for all design, engineering, permitting, and construction costs associated with the 53rd Street improvements described herein paid or contributed by the Developer, except for: those costs associated with site related turn lanes or other site related improvements; and any landscaping in excess of the landscaping required by County Ordinance. These shall be considered "non-reimbursable costs".

4. 49th Street Improvements and Dedication:

- A. Prior to the issuance of a Land Development Permit for Phase IA of Providence Pointe, the Developer shall:
 - (i) Dedicate to the County ten feet (10') of right-of-way along the project's 49th Street frontage from 58th Avenue West for a distance of approximately 2,591 feet (the "Eastern Segment") see Exhibit "B"; and
 - (ii) Dedicate to the County along the project's 49th Street frontage sixty feet (60') of right-of-way from the West end of the "Eastern Segment" to a point approximately 1,328 feet West (the "Western Segment") see Exhibit "B".
- B. Prior to the issuance of a certificate of completion for Phase IB, Developer shall construct a two lane road for a distance of approximately 3,260 feet from the existing paved road on 49th Street, which ends approximately 700 feet west of 58th Ave., to the western boundary of Providence Pointe, as shown on the

Conceptual Plan. The construction may be completed in sections which follow the progression of development of the Project.

5. 58th Avenue Dedication: Prior to the issuance of a Land Development Permit for Phase IA for Providence Pointe, the Developer shall dedicate by right-of-way deed free and clear of all liens and encumbrances, to the County, twenty five feet (25') along the property's 58th Avenue frontage. (See Exhibit "C").
6. The Developer shall provide stormwater capacity for the following road segments:
 - A. 58th Avenue, from the property's eastern boundary to the centerline of a four-lane road, along the project's 58th Avenue frontage.
 - B. 49th Street, along the project's entire frontage, for a two-lane road width.
 - C. Developer shall design and construct a temporary swale system within the County right-of-way for 53rd Street stormwater, as a four-lane road, from 58th Avenue west for a distance of one-quarter mile.
7. DOT Compliance: All road construction by the Developer pursuant to this Agreement shall be in compliance with Florida Department of Transportation standards.
8. Invoices: Any invoice submitted by the Developer to the County for the County's payment shall be reimbursed by the County according to the Prompt Payment Act (Sections 218.70 and 218.80, Florida Statutes).
9. Project Bids: The Developer shall not be required to publicly bid the work described herein, but all work performed by the Developer shall be subject to the reasonable determination by the County that the costs incurred for such work were normal and customary.
10. Miscellaneous:
 - A. In the event of any litigation arising out of this Agreement, the prevailing party shall recover attorneys' fees and costs from the non-prevailing party.

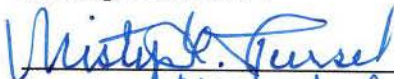

- B. No amendment, modification, change, or alteration of this Agreement shall be valid or binding unless accomplished in writing and executed by all of the parties hereto.
- C. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their successors, and assigns.
- D. This Agreement contains the entire agreement and understanding between the parties. No representation, statement, recital, undertaking, or promise not specifically set forth herein shall be binding on any parties hereto. This Agreement shall not be effective unless signed by the Developer and the County.
- E. The obligations of the Developer to this Agreement are expressly conditioned upon the Developer's decision, at the Developer's sole discretion, to proceed with the development of Providence Pointe.
- F. No Building Permit, Certificate of Completion, or Certificate of Occupancy shall be withheld or delayed by the County for Providence Pointe or any portion thereof, nor shall the County delay or withhold any other required permits, provided that the Developer is in compliance with this Agreement, all applicable laws and regulations.
- G. Except as described herein, and in the plans submitted by the Developer and approved by the County, the County shall not require the Developer to construct, contribute to, or share in the costs of any off-site traffic improvements other than the payment of traffic impact fees.
- H. This Agreement and all matters arising hereunder shall be governed by and construed in accordance with the laws of the State of Florida. Venue hereunder shall lie in Indian River County, Florida. Time shall be of the essence.
- I. This Agreement shall be deemed prepared jointly by each of the parties hereto and shall be construed on parity as between the parties. There shall be no canon of construction for or against any party by reason of the physical preparation of this Agreement.
- J. Whenever the singular number is used in this Agreement and when required by the context, the same shall include the plural; and the masculine, feminine, and neuter genders shall each include the others.
- K. The County and the Developer shall grant such further assurances and provide such additional documents as may be reasonably required by one

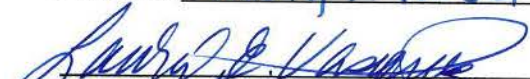

another from time to time, and cooperate fully with one another in order to carry out the terms and conditions hereof and comply with the express intention of this Agreement.

- L. Failure to insist upon strict compliance with any of the terms, covenants, or conditions herein shall not be deemed a waiver of such terms, covenants, or conditions, nor shall any waiver or relinquishment of any right or power hereunder at any one time or times be deemed a waiver or relinquishment of such right or power at any other time or times.
- M. All words, terms, and conditions contained herein are to be read in concert each with the other, and a provision contained under one paragraph may be considered to be equally applicable under another in the interpretation of this Agreement.
- N. The words herein and hereof and words of similar import, without referenced to any particular section or subdivision of this Agreement, refer to this Agreement as a whole rather than to any particular section or subdivision hereof.
- O. In the event any term, conditions, or clause of this Agreement is declared to be illegal or unenforceable by a court of competent jurisdiction, such declaration of illegality or unenforceability shall not affect or alter the legality or enforceability of any remaining term, condition, or clause hereof, provided of the parties, as set forth in this Agreement.

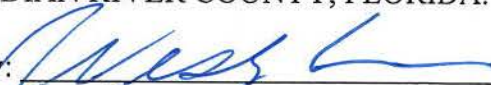

IN WITNESS WHEREOF, the parties have executed this Agreement as of the day and year first above written.
